

Downdraft Table

OPEN FACE DOWNDRAFT TABLE. A VERY AFFORDABLE AND USEFUL MACHINE. A PAINTER HELPER! READY TO PLUG AND WORK!

With integral dust collectors, the air recirculates and cleans the air. This innovative machine can help you to eliminate the dust. Dust collector underneath the machine helps not to have any duct work. Easy to move around with installed casters. Available in different sizes with or without collector.

This can be used in...

- Buffing
- Sanding
- Grinding
- Finishing
- Deburring
- Polishing

And lots more, especially in manufacture of wood products.
