# EXPERIENCE MATTERS –

## HÖCKER Dust Collection for maximum performance.

### MAXIMUM ENERGY SAVINGS

- Save on heating and avoid exhausting your warm air outside
- Energy and Flow Management equipped. Automatically turns on and off, while maintaining optimal air speeds for production on demand

### SAFE, CLEAN & QUIET OPERATION

- ONTARIO ministry certified for interior use; onboard fire suppression and certified explosion rated
- Annual fire extinguisher inspection included

### UNRIVALED PRICE-PERFORMANCE

- Don't own your building? Stop spending money on exterior installations > take the complete system with you upon lease expiration
- Mobile design; plug and play, no expensive installation fees

### CUSTOMIZABLE

- Various unloading options such as large bins, rotary airlock or briquetting provides ease & flexibility in getting rid of your waste
- Featuring non-proprietary filter bags allow the customer to select from their preferred vendors
